

## TOUR ACTIVITY

Choose TWO plants you see at the Botanic Gardens. Complete the activities below for EACH plant.

FIRST PLANT:

bamboo

1. What does your plant look like? Draw a picture.

2. What does it look like?

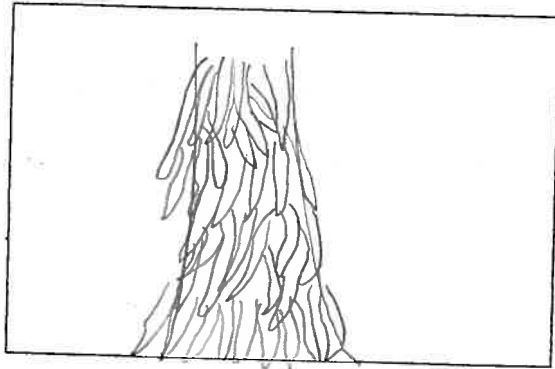

It looks like long stick.

3. What other information can you find about it?

Bamboo's stem color is green  
in Japan. But, in Australia  
A part of them is red.

SECOND PLANT:

1. What does your plant look like? Draw a picture.

2. What does it look like?

Many snakes seem to be  
moving on the tree.

3. What other information can you find about it?

I saw this plant like snake and  
I thought this is heavy. But,  
I touched this and I found  
this is really light.
